Who in the household:

*1=Self* 2=Spouse

*3*=*Daughters* 

4=Sons

5=other female household members

6 = other male household members7 = other (specify

5.2 Does your household have enough land (area) to expand production scale (building more shelters)?

1. yes

2. No

If yes, how much is it?....(m2)

b.2 intrastructure for pig production
1. Are your pig shelters located in the local planned zone?
[ ] 1. Yes [ ] 2. No [ ] 3. Don't know
2. Distance from pig shelters to residential area(Km)
3. Who is responsible for designing and constructing the pig shelters? (Code)
1=Self 2=Spouse 3=Daughters 4=Sons
5=other female household members 6 =other male household members7=other (specify)
4. Characteristics of pig shelters
[ ] 1. Having barrier to separate animal keeping area
[ ] 2. Having private area for sick pig
[] 3. Having antiseptic system in the entrance to animal keeping area.
[ ] 4. Having bathroom, changing clothes, antiseptic for labor and guest
[ ] 5. Having feed store
[ ] 6. Having veterinary/antiseptic store
[ ] 7. Having private door to sell pig
[] 8. Having feed transport road separate from waste transport road
[ ] 9. Other (please specify)
5. Specify pig shelter
Number of shelter Distance between shelters (m)

No. of barns In shelter	Area (m2)	Type of barns 1= enclosur e barn 2= open barn	Direction 1= East - North 2=East north - West south 3= other (specify) 88= don't know	Cement	Roof 1= Tile 2= Fibro cement 3= Other	Barn wall 1= Grilled 2= Inox 3= Brick 4= Cement 5= Other (Specify)	Ventilation system 1= Yes 2= No
Shelter 1							
Shelter 2							
Shelter 3							

6.Pig equipment owned by the household members
